‘Feedback is the breakfast of champions’

Ken Blanchard, Leadership author and consultant

What do you think of the Young Climate Warriors charity? Do you enjoy reading and sharing our challenges? Do you sometimes change ‘how you do things’ after engaging with our resources? We’re a small yet ambitious, fledging charity, and your feedback and thoughts are really important to us. We’d really appreciate it if you could complete our 2 minute annual questionnaire for parents/carers. Here’s a specific children’s version.

Young Climate Warriors are challenged this week to help make their parent/carer a hot drink (maybe for breakfast?!) – reducing carbon emissions by only boiling the necessary amount of water. Whilst sipping or supping … the perfect time for a quick questionnaire!

Thanks for your help in building our Young Climate Warriors story … after all, it’s World Book Day this week … and YOU are a key part of our story!
