

Young Climate Warriors

How did the Local and Seasonal Challenge go?

Where did your food come from?

What local and seasonal food did you try?

'It is our choices, Harry, that show what we truly are'

Albus Dumbledore to Harry Potter,
J.K. Rowling, Harry Potter and the Chamber of Secrets

Summer time choices ...

Summer is here, can you choose to be a Young Climate Warrior when you are out as well as at home?

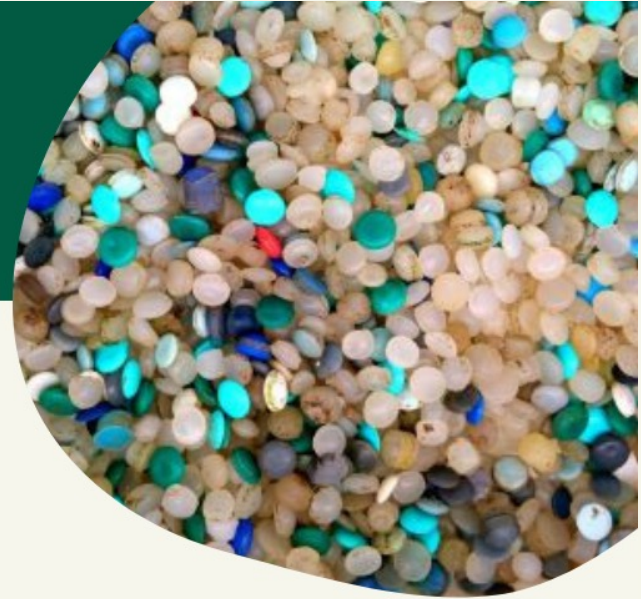

This week's
challenge:
5th July

What's best for our planet may not always be the cheapest, easier, 'coolest' option - what will you choose?

Can you remember the re-usable carrier bags? Fill up your water bottles? Say 'no thank you' to straws, avoid drinks cartons?

Choose to sign up to 'Plastic Free July' or join the Great Nurdle Hunt on the beach (nurdles' are small lentil sized plastic pellets - like in the image!)

 **YOUNG
CLIMATE
WARRIORS**

When you've completed this challenge ... Remember to hit the red button!

- Over 400 million tonnes of plastic are produced every year – more than the weight of the 8 billion people on our planet!
- 14 million tonnes of plastic is thought to reach our oceans!
- Across the UK it is estimated that as many as 50 billion plastic nurdles could enter our oceans every year.

THE CHOICE IS
YOURS

Choose to help combat
climate change this
summer and maybe
even find a
nurdle!

THINK

Things to think about

Nurdles!

What are nurdles and why are they a problem?

Learn more about nurdles [here](#) and take part in the [Great Nurdle Hunt](#) if you head to the beach!

Not sure if it's a nurdle? Check out this [identification chart](#).

What choices can you make this summer to help tackle climate change?

How can you avoid plastic, avoid waste and reduce consumption?

Be Inspired!

A not-for-profit company called 'NURDLE' have invented a 'vacuum cleaner' that sorts plastic nurdles from sand!

Watch Beach Guardians 'tackling beach plastics'.

Sign up to Plastic Free July!
