INDUSTRY PROFESSIONALS**

**ONLY
£14.40 A
LESSON!!!**

HOW OUR LESSONS WORK

Our experienced tutors will guide your child through everything from first picking up a guitar to playing their first show! We work on real songs and riffs in all of our lessons and focus on giving kids a fun and engaging introduction to music.

We provide all of the equipment needed during our lessons, you can even hire a guitar to take home for a small cost.

Easy Payments - Lessons are just £14.40 per session charged on a monthly basis via direct debit. Simply sign up and we'll handle everything else. You can stop lessons at any point during the year, we just ask that you give us 30 days notice to offer your space to someone else.

We are unable to offer alternative dates or a refund if a session is missed, however, if Oxfordshire Music School have to cancel a lesson a full reimbursement will be given.

"My son absolutely loves his weekly guitar club. It's amazing how much confidence he's gained by playing for fun with others. We love hearing him play songs that he genuinely enjoys learning- and the new skills that each require. We would definitely recommend the Oxfordshire Music School"
